緣起 About

經濟部水利署於2019年9月26日至28日假臺北世貿一館及臺北國際會議中心舉辦「Water for the Future Summit & Expo 2019」活動，包含專業水展及國際論壇。

The Water Resource Agency (WRA) hold the "Water for the Future Summit & Expo 2019" during September 26 to 28. This event includes the international water exhibition and specialist forums.

水利產業主題館 Expo

本次Water for the Future水利產業主題館整合50家廠商，共同展出「智慧水管理」、「高階水處理」及「水與生活」等三大主題。其中，智慧水管理展區主軸為「都市淹水整合解決方案」及「智慧調控供水解決方案」兩大亮點，高階水處理展區則以「節能」、「創能」、「淨水」、「物質流回收」等面向為展示重點，部分廠商更具備高科技產業所需之水質即時監控、分流管理及再生處理高階服務對策。在「水與生活」展區則是以水科技創新、節約用水、深層海水開發、建築雨水貯集等創新商品及服務切入一般生活市場。

The pavilion with the theme "Water for The Future" integrates 50 enterprises, collectively exhibits three themes: "Smart Water Management", "Advanced Water Treatment", and "Water in Our Life".

Top

Among the three exhibition themes, “Smart Water Management” highlighted with two features: “Integrated Solutions of Urban Flooding” and “Solutions of Intelligent Water Supply Regulation” . In addition, the “Advanced Water Treatment” platform focuses on aspects including “Energy-saving” , “Energy-generating” , “Water Purification” , and “Material Flow Recycling” . Some of the enterprises demonstrate state-of-the-art strategies and services for the high-tech industry, including immediate water-quality monitoring, water diversion management, and reclaimed water treatment. Lastly, “Water in Our Life” displays innovative water technology, water-saving, deep-ocean products-developing, rainwater-harvesting of buildings and other cutting-edge commodities and solutions for daily life-related markets.
